

Georgetown

Bedrooms: 3

Bathrooms: 2 1/2

Square Feet: 2091 sq ft

Short Description: An optional front porch, huge pantry, and cozy family room make this colonial-style design highly appealing. An island bar can be added to separate the kitchen from the breakfast area and a three-panel bay window brightens the substantial dining room. Three bedrooms, two baths, and numerous walk-in closets complete the second story.
