

## Guthrie

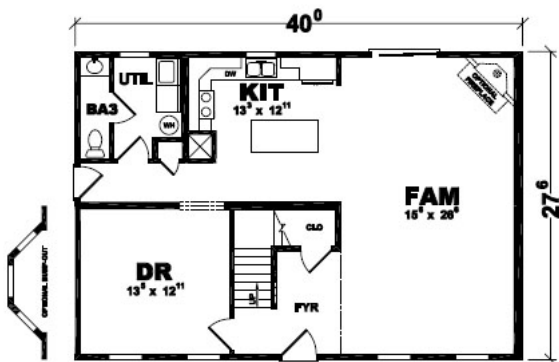

**Bedrooms: 3**

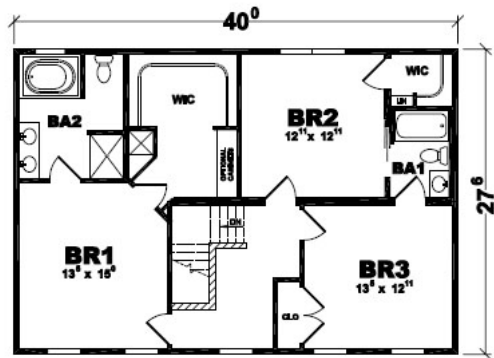

**Bathrooms: 3**

**Square Feet: 2200 sq ft**

**Short Description:** The possibilities open up in your Guthrie home. Innovative open design brings kitchen and family room spaces together, allowing you to prepare meals and catch up with your family and friends at the same time. You can even invite them for an informal snack at the kitchen island. Upstairs provides the full complement of three bedrooms, including the master bedroom suite with ample bathroom and walk-in closet.
